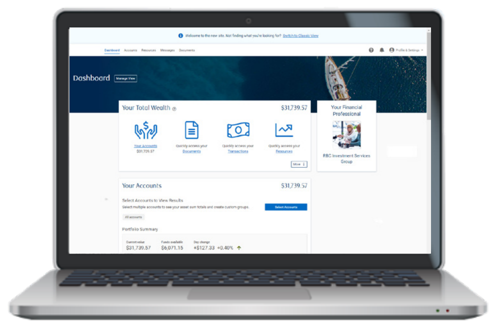
Introducing the new Investor Connect®

Explore our redesigned online account access website today.

As part of our commitment to delivering a more convenient online experience, we have redesigned and updated your account website with a modern look and improved navigation to better suit your needs.

With streamlined access, optimized features and an improved layout, our refreshed website brings your most important information to your homepage dashboard. An all-new menu makes it easier to view your account details, resources, communications and documents. Besides easy access to your portfolio and holdings, you can take advantage of the following capabilities:



Dashboard

- Portfolio level account views
- Market overview
- Advisor contact information
- RBC Credit Access Line
- Customize display with account groups

Resources

- Market commentary

Messages

Send and receive secure communications to and from our support team

Accounts

- Holdings: summary, cash and money market, positions, asset allocation, account performance
- Transactions
- Reporting, including realized and unrealized gain/loss

Documents

Access a full history of your account documents, including statements, confirmations and tax documents

Settings

- View and update your personal information
- Manage account labels
- Change password
- Turn on/off two-step authentication
- Paperless preferences

Upcoming features

Some features and further enhancements will be rolled out on the new website gradually, and we will communicate these enhancements in the near future. Upcoming features include:

- Cash capabilities and resources
- Account grouping filters applied to positions, holdings, transactions and documents
- Resources, including research
- Estimated income and open order information

The classic version of the website is still available, so you may explore the new design at your own pace. Once logged in, select the button at the top of your browser window to return to Classic View.

Guided tours available

To help you get to know the new website, upon logging in you'll find a Help Center feature that helps you navigate new tools and content, and explains how to use certain features. (Guided tours not available on tablet or mobile.)
